

INDEX OF MISSING SURNAMES

234

In 71 instances a forename is shown without any surname following it. It would appear, from random tests, that the missing name is not intended to be a copy of the one above, and it can only be, therefore, that the enumerator did not know and could not get the name.

There are no names missing in 5 of the hundreds, only 1 in Greytree and Stretford, 7 in Ewyas Lacy, 12 in Hereford, 18 in Huntington, and 32 in Wolphy. The appropriate forenames are listed below.

SUMMARIES

The Hearth Tax return for Michaelmas 1665 only shows the names for chargeable hearths, unlike the return for Lady Day 1664 which lists names for both chargeable & not chargeable hearths and therefore the total number of houses in each parish. By comparing the numbers in these two returns it is possible to arrive at a probably fairly accurate idea of the total number of houses in each parish at Michaelmas 1665, by applying the same ratio of charged to not charged houses. These comparisons are given in the following pages, together with the figures for 1671, 1673 and 1801 to give an idea of the trend within each parish.

Notes

- (a) The figures above for the Broxash Hundred do not compare with those on page 235 as Hampton Charles has been included on that page.
- (b) The figures above for the Ewyas Lacy Hundred do not compare with those on page 236 as the figures for Llancillo have been omitted on that page but are included in the table above.
- (c) The figures for the Radlow Hundred do not compare with those on page 238 as on that page the total for Ledbury Borough, and Wallhills (charged house) have been omitted as the totals are not legible. For the purpose of the above table the figures for the two parishes for the Lady Day 1665 assessment have been used.

Owing to what appears to be errors in addition or possibly transcription there are 18 cases where the tax or assessment does not tally with the number of chargeable hearths in the parish. In all there are 13 overcharges and 5 undercharges, the largest error being that of Eign Ward in Hereford City; a 4s undercharge. The net result is an overcharge of 4s, the total tax due according to the hearth numbers being £781-09-00.
